Total Connect Remote Services

**On-the-Go Smart Control**

# Isn't it time you got connected?

tc

Resideo Total Connect Remote Services keeps you connected and in control of your business anywhere, any time, on any mobile device.

- Remotely arm, disarm or check the status of your security system
- Keep an eye on your business, employees, assets and inventory 24/7 with live, look-in video
- Get push notifications, email and video alerts about important events, such as a flood being sensed, a restricted area being accessed or a delivery arriving
- Save money and energy with remote control of lights, locks, thermostats and more
- Have video clips sent to your central station when an alarm is tripped—letting monitoring personnel look in and determine event severity
