

Put the Focus on Your Business

24/7 Video Awareness:
Next-Generation HD Video Cameras

Picture-Perfect Solutions for Your Business

Just because you're out of the office, doesn't mean you have to be out of the loop. With our next-generation HD camera video solutions, you can see, hear, and speak* to employees, and take a snapshot or video when you're out of the office. You have the insight you need to help manage your business and employees around the clock.

**Indoor HD cameras only.*

Live, Look-in Video

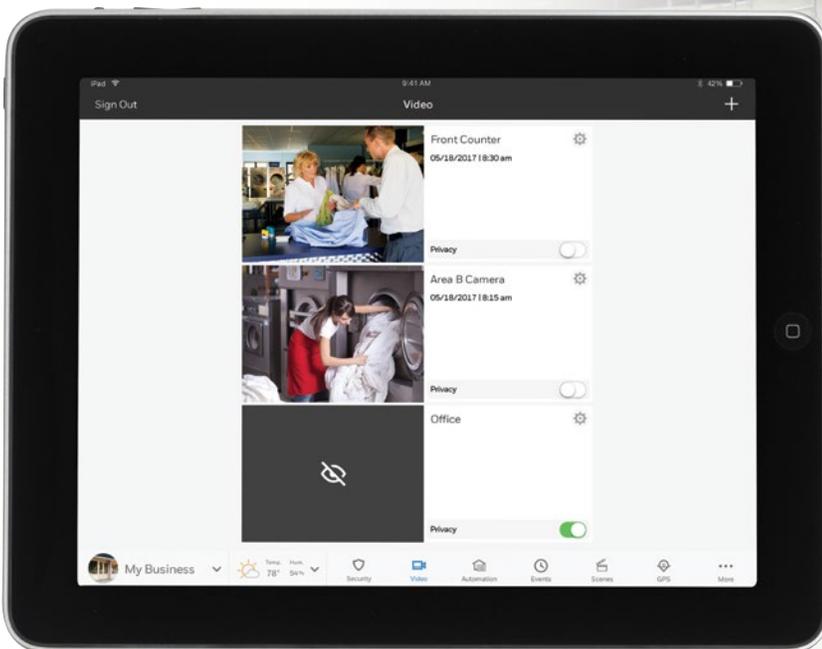

- View live video on up to eight cameras with the next-generation HD Honeywell Total Connect video camera line
- Monitor vulnerable spots like stockrooms, docks, entrances, exits, gates, and hazardous or sensitive areas
- Observe consumer shopping habits and activity
- Manage and view multiple sites from a single account
- Access motion and intelligent sound detection
- View 30-second video clips
- Utilize 7-day or 30-day video storage
- Back up video with a built-in, encrypted microSD card

Indoor HD Cameras

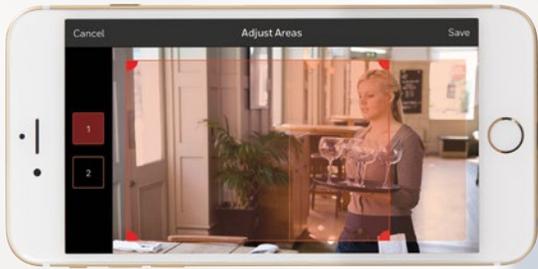

Outdoor HD Camera

Real-Time Alerts

Get push notifications, email, and video alerts to know what happens in real time. You can see exactly when a shipment arrives, when an employee enters a restricted area, or when your business opens and closes. Customize notifications by time, day, or motion detection to be informed only when you want.

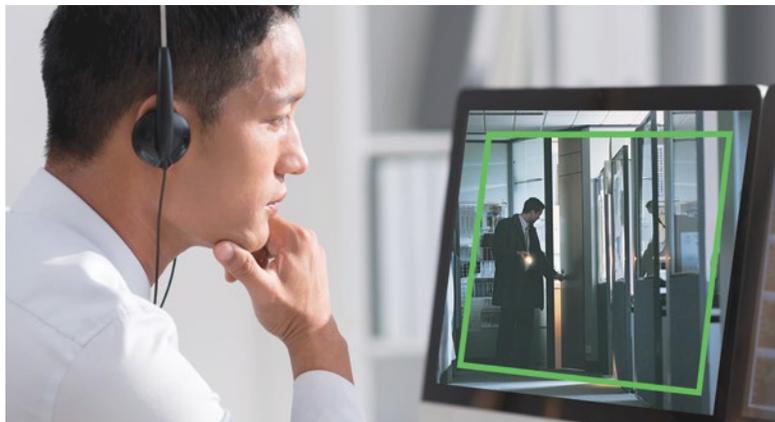

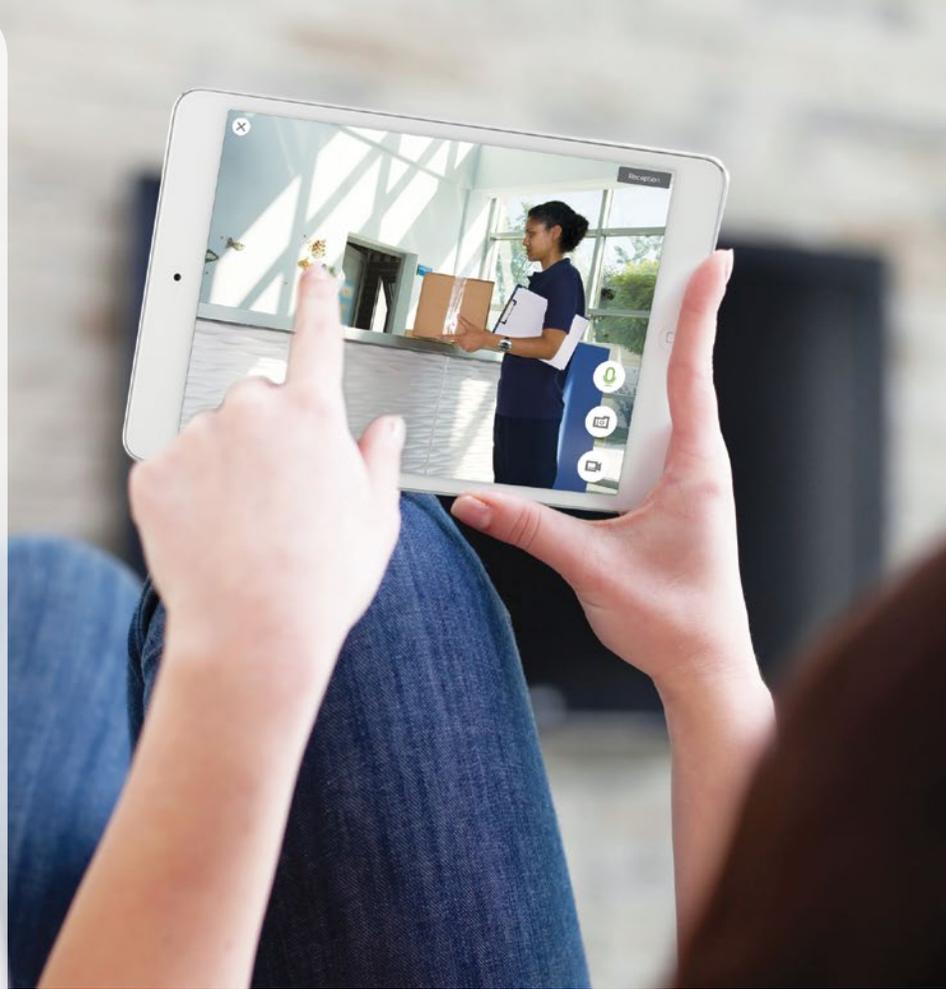

Free Mobile App

Use our free app to conveniently interact with your video solutions 24/7 on your iOS and Android™ devices.

Video cloud storage fees will apply. Android app available in Google Play Store. iPhone® and iPad® apps available in iTunes® App Store.

Video Alarm Verification

- Your central monitoring station receives video clips immediately after an alarm is tripped
- Look-in capability helps monitoring personnel determine event severity – reducing false alarms and providing responders with the information they need to act quickly
- Helps identify perpetrators and aid in the recovery of stolen valuables
