

CDMA-L3 Radio A Network of Choices

Information For Dealers: Expand Your Wireless Alarm Communications Coverage with Verizon® 1xRTT Technology

More Carriers. More Coverage. More Customers.

CDMA-L3 Radio for LYNX Plus with Verizon® 1xRTT Technology

Adding the Honeywell Home CDMA-L3 Radio to your offerings gives you more choices and lets you reach more customers—helping to ensure the best possible signal strength. It's designed for the Honeywell Home popular LYNX Plus—a combination control panel, siren, dialer, two-way voice system and speakerphone all in one, easy to install system.

The pre-activated radios save time and labor, are remotely upgradeable and provide you with a great opportunity for RMR when used with Resideo Total Connect Remote Services.

Reach a broader customer base with a choice of GSM communicators or CDMA-L3 alternative with Verizon's 1xRTT technology

Pre-activated for efficient installation

Remotely upgradeable software—no need to roll a truck

Works out of the box on Verizon and Verizon roaming partner networks

Great opportunity to earn more RMR with Total Connect

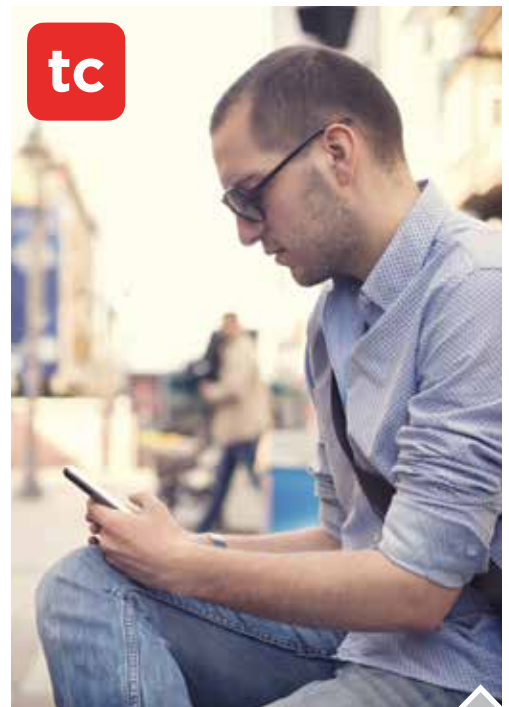

Compatibility with LYNX Plus panels ensures greater serviceability and helps drive more business with end-to-end remote security and communications solutions

Choice of carriers helps capture lost business and grow RMR in areas with alternative cellular footprint

Replace existing radios without canceling AlarmNet® accounts

When it comes to opportunity, we've got you covered. No matter what. No matter where.

CDMA is available in USA only.
