

Honeywell

# Honeywell

## Your Home...

Safer. Smarter. **Connected.**

Honeywell can actually bring your home to life—making it safer, smarter, more comfortable and energy efficient than you've ever dreamed. In fact, more homes in North America rely on Honeywell's security and connected home solutions than those of any other manufacturer. Isn't it time you got connected? Ask your security professional how you can make the most of your home with Honeywell.

### Awards

Your Honeywell Dealer:

# In Touch with **Your** Lifestyle.

## LYNX Touch Control System

Honeywell's lifestyle-enhancing LYNX Touch control system lets you control security and home automation functions, view video and more—all from one brilliant, 7" full-color touchscreen or on mobile devices around your home. When combined with Honeywell Total Connect® Remote Services, it can even keep you connected to your family and home whether you're across the street or across the world. No other system can touch it.

## Welcome to your **connected home.**

### Home and Energy Management

You can control and automate your thermostats, garage doors, lights, locks and water valves directly at the LYNX Touch display, around your home via Wi-Fi® enabled devices or remotely via Honeywell Total Connect Remote Services. You can even set scenes or randomize lights for a lived-in look while you're away.

### Mobility at Home

Our LYNX Connect App<sup>1</sup> lets you use your Wi-Fi enabled iOS or Android™ devices for easy, on-premises system control and video viewing.

<sup>1</sup>App available for a nominal fee in the Apple® iTunes® App Store.

### Sunrise/Sunset

With this convenient feature, your Z-Wave® enabled devices can respond to sunrise/sunset times. For example, you can have your outdoor lights automatically turn on at dusk and off at dawn—whatever the season. It even adjusts for daylight savings.

### 24/7 Monitoring

Your home can be monitored by security professionals 24 hours a day, 7 days a week to ensure a quick response in the event of an alarm, fire or other emergency.

## Simply **Brilliant**

### Large, Brilliant Full-Color Touchscreen

- The amazing 7" display simplifies operation with graphics and menu-driven prompts

- Enhanced video viewing experience
- Icons and words are large and easy to read
- Two dedicated keys for easy access to the homescreen and emergency functions

### Remote Control from Anywhere

- Honeywell Total Connect® Remote Services lets you control security system and home automation functions, view live video and get iOS push notifications, real-time email and video alerts when important events occur

- Know exactly when your child gets home from school, when a pet sitter or caregiver arrives and more
- View history and search for specific events

### Family Message Center

Everyone in your household can record and playback voice memos.

Temperature available in Fahrenheit or Celsius.

### Garage Door Control

Control up to four garage doors<sup>2</sup> and know whether they're opened or closed right at the touchscreen, on your mobile devices around your home or remotely with Honeywell Total Connect. Close the door if it's left open accidentally, schedule it to close after a specified period of time or at a certain time every night. You can even arm the system when the garage door is open—helping to avoid false alarms.

<sup>2</sup>Additional equipment required. Not compatible with certain garage doors and garage door openers. Garage door control must have working entrapment protection. Contact your security professional for details. Apple and iTunes are registered trademarks of Apple Inc. All other trademarks are property of their respective owners.

### Two-Way Voice

The optional two-way voice feature lets central station operators listen in and talk to you when an alarm signal is received<sup>3</sup>—ensuring that the proper response personnel can be dispatched to your home should the need arise.

<sup>3</sup>Excluding fire or carbon monoxide alarms.

### Night Stay/Arming

In for the night? With a press of the touchscreen, this mode arms preselected interior sensors—such as in a basement or on the main floor—while letting you move freely in areas like hallways or upper floors.

### You're in Control

Convenient wireless remotes provide simple, single-button control of your security system, lights, garage doors and more.

### Built-in Alarm Sounder

### Full Voice Response

System status and zone descriptions are clearly spoken.
