Total Connect Remote Services

On-the-Go Smart Control

Isn't it time you got connected?

tc

Resideo Total Connect Remote Services keeps you connected and in control of your home anywhere, any time, on any mobile device.

- Remotely arm, disarm or check the status of your security system
- Get alerted to arm your system when you leave a predetermined area
- Look in with live video and control video doorbell activity
- Get push notifications, email and video alerts
- Save money and energy with remote control of lights, locks, thermostats and more
- Have video clips sent to your central station when an alarm is tripped—letting monitoring personnel look in and determine event severity
