TUXEDO TOUCH[®] SECURITY AND SMART CONTROLLER

Smart homes.
Smart businesses.
Smarter for you.

GIVE YOUR CUSTOMERS....

Easy Security Control

The sleek 7" color touchscreen is exceptionally intuitive and simple to use. It provides clear voice notifications of changes to system status or the nature of an alarm condition. Your customers can also view built-in instructional videos to assist with advanced features.

Smart Home or Smart Business Control

Add up to 232 Z-Wave® compatible devices to Tuxedo Touch® Controller to create the ultimate smart home or smart business. Tuxedo Touch Controller can masterfully create automated scenes, where devices work together and are activated by time, day, action or conditions. For example, simply arming the security system can lock the doors, create a "lived-in" look with lighting and set back the thermostat to save energy.

Smart Locks

Water Shut Off

An Exceptional View

Your customers can view up to 8 IP cameras and up to 4 cameras on a single screen.*

*Dependant on camera manufacturer and model.

RESIDEO TOTAL CONNECT

Your customers can enjoy the equivalent experience of the Tuxedo Touch Controller on the Total Connect app, making it easy, wherever they are.

TUXEDO TOUCH® CONTROLLER MAKES A SECURITY SYSTEM “THE HUB”

For a powerful, integrated smart home or smart business.

Tuxedo Touch Controller brilliantly transforms new and existing VISTA® installations into smart homes and smart businesses – perfectly blending intuitive security system control and powerful automation together. It makes systems smart, but it is also smart for you – helping increase system add-on revenue, reducing attrition and driving additional RMR.

Great Upgrade Potential

With millions of VISTA® control panels already installed, Tuxedo Touch Controller is a great opportunity for security system retrofits and upgrades. The backplate was designed to enable easy upgrades of already-installed 6160 and 6280W keypads.

Remote Service

Once installed, Tuxedo Touch Controller requires minimal service and site visits.

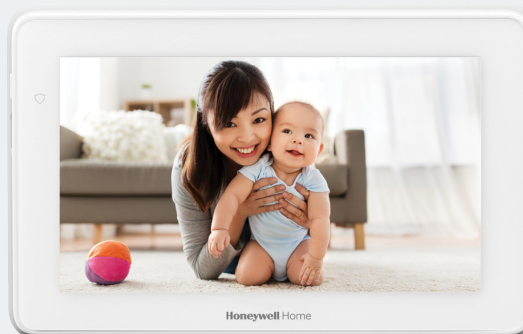

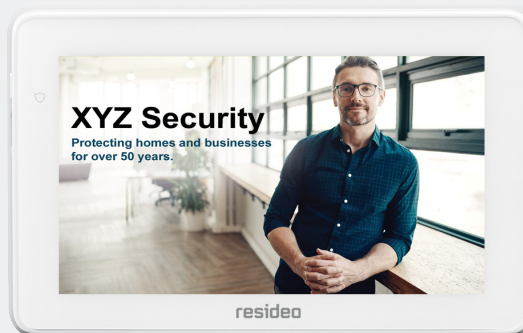

Resideo can push new features and updates to Tuxedo Touch Controller through Wi-Fi®. Your customers can also update the software easily via the SD card slot.

The sleek, slim Tuxedo Touch Controller extends less than 1" off the wall – and the SD slot makes updates convenient.

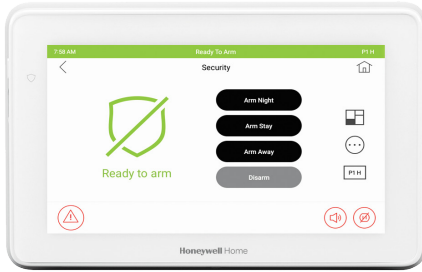

Home Screen Customization

Customize the home screen with your company information and logo or your customer can add their own photos or videos.

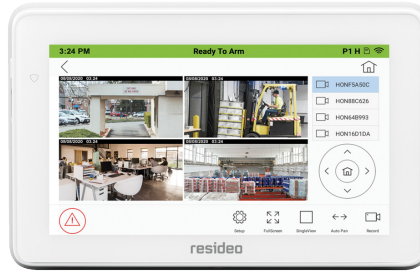

Flexible Branding

Tuxedo Touch® Controller is available in both Resideo and Honeywell Home branding options.
