

**VistaKey**

EASY, AFFORDABLE ACCESS CONTROL  
AND BUSINESS MANAGEMEN

**Access the Possibilities!**

**Honeywell**

# Your Key to Better Business Management

By monitoring and restricting entry, you do more than protect valuable assets and sensitive areas from theft and damage—you can actually run your business more safely, efficiently and profitably. You'll also increase employee safety, performance and accountability while reducing

response time to alarms. Thanks to Honeywell's VistaKey, adding access control to your business has never been this easy, or this affordable!

Isn't it time you accessed the possibilities?

## VistaKey actually helps you intelligently manage your business

### VistaKey can:

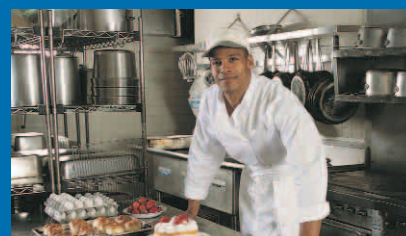

- Save money on lockset replacement every time an employee leaves your organization
  - Enable access control with a single swipe—no need to remember codes or provide keys that get lost or stolen
  - Help reduce shrinkage
  - Help track time and attendance
  - Provide an affordable, easy-to-use access control solution to fit your exact requirements
  - Protect valuable assets by restricting access to specified areas like stock rooms, offices, vaults and safes, computer closets and more
- 
- Help you control and/or restrict personnel and visitor traffic
  - Arm/disarm security systems with access card
  - Track employee door entry and lock/unlock doors based on schedules
  - Restrict access based on job function, time or location
  - Maximize security investments by seamlessly blending access control, intrusion and fire detection into one system
